🎓 Experienced Tutor | Seoul National University | PhD in Chemistry

I hold a PhD in Chemistry from Seoul National University and a BSc in Chemistry from Korea University. With over 10 years of experience, I have taught IB Chemistry, IGCSE, and A-Level students across South Korea and internationally. My expertise covers organic and physical chemistry, helping students achieve top results in their exams.

Teaches:

IB Chemistry

A-Level Chemistry

IGCSE Chemistry

GCSE Chemistry

AP Chemistry

Curriculum:

IB

A-Level

GCSE

IGCSE

AP

Qualifications

Seoul National University: PhD in Chemistry (2012–2017)

Korea University: BSc in Chemistry (2008–2012)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

I have spent the past decade tutoring students from various educational systems, focusing on IB Chemistry and A-Level Chemistry. I've guided students through difficult topics such as organic chemistry and spectroscopy, helping them build confidence and improve their exam performance.

I have also supported students preparing for university-level chemistry, with a focus on physical and analytical chemistry. My experience working with different curricula has given me a deep understanding of the challenges students face, and I take pride in helping them achieve success.
